

Mould Remover - chlorinated

Description

Removes mould accumulations, mould stains and bacteria. With bleaching effect thanks to the instant effect of activated chlorine.

Action

For effective control and lasting elimination of moulds of all sorts. Instant disinfectant and strongly bleaching action. For permanent removal of fungal deposits, mould stains and bacteria.

Scope of application

Particularly suitable for all washable indoor surfaces such as sanitary, sauna and swimming pool. For treatment of joints, walls, ceilings, masonry, wood, glass and plastics.

Application

Do not pretreat the infested surface so as to avoid any further spreading of the spores in the room. Spray the area at a distance of approx. 5-10 cm richly and fully surfaced. Leave to soak for 15 minutes and rinse with plenty of water afterwards.

Please note

Always test for surface compatibility on an inconspicuous area. Discolouration may occur on tiles with damaged glazing. Do not spray plants, fabrics and metals. Protect skin, clothing and environment against splatters during application. The product has a bleaching effect!

Store and transport package cool, dark and upright.

Technical data

- Density: 1.1 g/ml
- pH value: 12-13
- Appearance: yellowish liquid
- Odour: chlorous

Consumption/range

- Sufficient for 5-8 m²
