## ARC CONCENTRATED SUGAR SOAP

### DESCRIPTION

Arc Concentrated Sugar Soap cleans and prepares all surfaces prior to repainting. It cleans and removes dirt, grease and nicotine and is an excellent general household cleaner.

### DIRECTIONS:

#### Preparation and cleaning of surfaces for repainting

Add approximately 125ml of the bottle to 4.5 litres of warm water. Apply liberally using a sponge or absorbent cloth. Work from the bottom of the surface to the top to avoid run lines. Rinse with fresh water and allow to dry completely.

#### Household Cleaning

Add approximately 50ml of the bottle to 4.5 litres of warm water. Soak sponge or absorbent cloth in the solution and wring out so it does not drip. Wipe surface vigorously. Rinse with clean cold water. Tiles, vinyl floors and paintwork will not require rinsing. To clean bath or wash basin pour a little neat sugar soap onto a damp cloth and wipe. Rinse with clean cold water.

### PRECAUTIONS

Any spillage should be mopped up immediately as spotting may occur. Cover polished surfaces, lino, carpets and soft furnishings to avoid splashing.

### HEALTH & SAFETY

See MSDS for full information

### TECHNICAL DETAILS

<b>Physical State:</b>	Liquid
<b>Colour:</b>	Yellow
<b>Odour:</b>	Slight detergent
<b>Flash Point:</b>	>100°C
<b>VOC content:</b>	None
<b>Density:</b>	0.955 - 1.055
<b>pH:</b>	10.5
