## ARC MORTAR STAIN REMOVER

### DESCRIPTION

Arc Mortar Stain Remover and Patio Cleaner is a concentrated acid based cleaner for dissolving and removing mortar and cement stains from surfaces such as brick, render, paving and concrete. Removes efflorescence and lime bloom staining.

Care should be taken when cleaning interior surfaces, artificial stone or some coloured paving and blocks.

### PROPERTIES

Colour - Clear/Pale Yellow

Base - Acid, powerful cleaning action

Odour - Acrid

pH - 1.0 approx

Active content - 10-14%

### INSTRUCTIONS

Always wear protective gloves, clothing and eye/face protection during use. Try an inconspicuous area for compatibility prior to full application. Mask/cover adjacent areas to prevent damage. When cleaning brick-work, use neat and pour the required amount into a plastic container. Do not use metal containers. For general use, dilute with water 3:1. Wet the area in question with water. Apply Mortar Stain Remover using a scrubbing brush or a stiff bristle paint brush and work the cleaner well into the substrate. Leave the cleaner for 20 minutes and then scrub with clean cold water until the surface is clean. Repeat for extremely stubborn stains. Finally, wash or hose down with plenty of water to neutralise the cleaner and to remove loose dirt and grime.

When cleaning patios, dilute 1:1 with water, always add acid to water.

### COVERAGE

One litre of neat solution will clean approx 10m<sup>2</sup>, depending on severity of stain and type of surface.

### PACKAGING

12 x 1L bottles/box

4 x 5L bottles/box

Store in cool, dry conditions away from direct sunlight, between 5° and 30°C.
