MOULD X MOULD REMOVER WITH CHLORINE

DESCRIPTION

Powerfully and lastingly destroys all kinds of mould. Permanently eliminates fungi, mould stains and bacteria. Bleaches, disinfects and protects. With immediate effect. For all washable surfaces in residential buildings; particularly in the sanitary area, sauna and swimming pool.

EFFECT

Powerful and sustainable action kills all mould. Permanently removes fungus formation, mould stains and bacteria. Has bleaching, disinfectant and preventive actions. With immediate action!

AREAS OF USE

For all washable, household surfaces; especially in sanitary areas, saunas and swimming pools! Suitable for ceramic surfaces and surface joints, silicone grouting, walls, ceilings, masonry, glass, wood and plastic.

DIRECTIONS FOR USE

Do not pre-treat affected surfaces. Spray the product at a distance of approx. 5–10 cm thoroughly and over the entire surface area. Allow to work in for 15 minutes and then rinse off with plenty of water. Important: Test first on an inconspicuous site for surface compatibility before performing the treatment. Discoloration may occur in tiles with damaged glazing. Do not spray onto plants, textiles and metals. Protect the skin, clothing and surrounding areas from splashing during use. Product has a bleaching action! Store pack upright in a cool and dark place and during transportation.
