# PRODUCT INFORMATION

**Packaging** 5kg & 10kg tubs **Appearance/Colour** Powder/Grey

**Shelf life** 12 months in original unopened container **Storage conditions** Cool dry conditions between 5° and 30°

**Setting time** 2-3 hours

**Fully Cured** 24 – 48 hours (depending on the temperature)

# **SURFACE PREPARATION**

Suitable for use in temperatures between 5° and 30°. Ensure the area is clean and free of grease, dust & other contaminants and then thoroughly wet the surface.

## **APPLICATION METHOD**

Add approximately 3 parts powder to 1 part clean cold water and mix to achieve the required consistency. Adjustments to the amount of water can be made at the initial mixing to achieve a workable mix to suit the end application. Do not add further water once the mix has begun to stiffen. Apply the mixture using a clean trowel or knife.

### **CLEANING TOOLS**

Clean tools with warm water before Arc General Purpose Sand & Cement mix dries.
