WEPOS Descaler

Description

Highly effective concentrate for quick and easy removal of limescale from household appliances. When used regularly, it guarantees longer life of the appliances, energy savings, and, for example in the preparation of drinks, consistent quality of taste. Also for espresso and coffee pad machines.

Effect:

Highly effective concentrate for the fast and easy removal of scale, calcium deposits and boiler scale. For household and commercially used appliances. Does not develop poisonous vapours, is neutral in odour and can be rinsed off with water without leaving residues. Guarantees with regular use e.g. with coffee machines an unchanging quality of taste, and in e.g. washing machines or steam irons a better longevity of the appliances and energy saving.

Application:

Coffee machines, coffee automats, espresso and coffee pad automats, hot water appliances, steam irons, immersion heaters, washing machines and also for taps, shower heads and water sieves.

Direction of use:

Coffee machine / hot water appliances: Fill ½ cup of Appliance Descaler with 2 cups of water into the machine. Switch on and let one cup run through. Switch off appliance and allow to stand for 10 minutes. Switch machine back on again and let the rest run through. Subsequently rinse out 2-3 times with fresh water

Washing machine: 250 ml (1/4 bottle) for one washing machine filling of water. Heat up to 40°C and allow to work in for an hour. Then switch on the main washing programme and let machine program run through, incl. rinsing.

Taps, shower heads, water sieves: Apply Appliance Descaler with cloth or sponge, allow to work in and rinse afterwards with water. Small parts can also be placed in a solution diluted with water 1:1 for a short time. Repeat procedure, if necessary.

Important:

Always observe the descaling instructions of the appliance manufacturer.

Product contains acid. Care is to be taken to avoid splashing on acid-sensitive surfaces such as e.g. marble, enamel, chrome, textiles or similar.

Technical Informations

- Density: 1,03 g/ml
- PH: 1,5-2,0
- colour: clear liquid
- smell: neutral

Safety instructions:

Irritant

Irritating to eyes, respiratory system and skin.

Keep out of the reach of children.

Avoid contact with skin and eyes.

In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.

Wear suitable gloves.

If swallowed, seek medical advice immediately and show this container or label.

Packing unit

1000 ml-bottle (4 per box)

Please beware of: Always test the product in an inconspicuous area to evaluate suitability, coverage and performance. The liability of WEPOS for defective products and any claims for damages whatever is limited to the purchase price of the products. WEPOS shall not be liable for any consequential damages. No other warranty or representation is made or implied.
