# UNIVERSAL WOOD PRESERVATIVE AND WOODWORM AND KILLER

## DESCRIPTION:

Arc Universal Wood preservative and woodworm killer (microemulsion ready for use) for preventative treatment against wood boring beetles, termites and wood rotting fungi.

Also for curative treatment against wood boring beetles.

For use on hard & soft wood.

Effective against a wide range of wood rotting fungi and all life stages of wood boring insects (i.e woodworm). The formulation is a water-based microemulsion that has virtually no odour, producing a non-flammable, quick drying product containing no volatile organic compounds (VOC's) and is ready to apply direct from the container.

## APPLICATION:

Apply by brush or low pressure spray.

Exterior application must be by brush ONLY.

**Apply at a rate of 100ml/m<sup>2</sup> (1litre per 10m<sup>2</sup>):**

For a preventative use against wood boring beetles.

**Apply at a rate of 152.8 - 200ml/m<sup>2</sup> (1litre per 5m<sup>2</sup>):**

For a preventative use against wood rotting fungi.

**Apply at a rate of 200ml/m<sup>2</sup> (1litre per 5m<sup>2</sup>):**

For a preventative use against wood boring beetles, termites and wood rotting fungi.

**Apply at a rate of 300ml/m<sup>2</sup> (1litre per 3.3m<sup>2</sup>):**

For curative use against wood boring beetles.

## SIZE & COLOURS:

Available in Clear and Tinted(Green/Blue), in 1L, 2.5L, 5L & 25L containers.
